# GRADING POINTS

## EARNING

Your Ultimate Rewards tier is determined by the number of grading points (not bonus points) you earn over a six month period. You can earn grading points when using your membership card to purchase food, beverages, raffle tickets, pro shop items and when playing a gaming machine at The 19th or City Diggers. You are also able to buy into a tier. Please see a duty manager for further information.

## CHECKING

You can check how many grading points you have earned by asking a duty manager at any stage.

## MOVING UP A LEVEL

You can move up a tier on the first business day of each month. We calculate your tier by looking at how many grading points (not bonus points) you have earned in the last six months.

## MOVING DOWN A LEVEL

Moving down a tier only happens twice a year on the first business day in April and October.

## OPTING OUT

If you choose not to be a part of the Ultimate Rewards loyalty program, please see a manager on duty.
